

## Summer greetings from U-nite

It's not just the light in the sky that has returned. Even the sales has developed well lately. We wish You all a strong trade trend for the rest of the year.

In order to give You the best service during the summer we keep open for deliveries all the time. During the weeks 29 and 30 we have no production running, but still deliver from our well-filled stock. Week 28 and 31 the production is running with reduced capacity. Our customer service is open all summer.

You can always find the latest news on our home page, so make a good practice of visiting [www.unitefasteners.com](http://www.unitefasteners.com)!

## U-nite wish You all a really nice summer!

Best regards

U-nite Fasteners Technology AB
